

Regulatory Information Sheet
SKYPET BB, BL, BR – Food Contact Compliance USA

To whom it may concern,

SK Chemicals' PET resins, designated as SKYPET BB, SKYPET BL, and SKYPET BR, comply with the compositional requirements and specifications of the U.S. Food and Drug Administration (FDA) regulation 21 CFR 177.1630. SKYPET BR also complies with 21 CFR 177.1315(b)(3), which can be seen at:

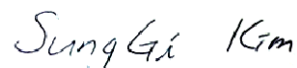

<http://www.accessdata.fda.gov/scripts/cdrh/cfdocs/cfcr/CFRSearch.cfm>

Ethylene terephthalate-isophthalate copolymers may be used for the conditions of use (f), (g), or (i) of 21 CFR 177.1630. Ethylene-1,4-cyclohexylene dimethylene terephthalate copolymers complying with 21 CFR 177.1315(b)(3) may be used in accordance with the conditions of use (f), (g), (h) or (j) of 21 CFR 177.1630. Based on the extraction studies on the articles fabricated from SKYPET BB, SKYPET BL, and SKYPET BR, SK Chemicals conclude that these resins may be safely used as or as components of plastics in contact with food under the conditions of use (f), (g), and (i) of 21 CFR 177.1630.

In case that the conditions or methods of use are beyond our control, we do not assume any responsibility and we expressly disclaim any liability for any use of this material. Thus, customers take the responsibility for any use of this material and shall not disclaim any liabilities. Customers take the responsibility to ascertain whether the use of our product is safe and lawful in their intended applications. We shall not guarantee that the status of this product will remain unchanged if there exist possibilities of changes, which are beyond our control, in law or regulations.

For additional information, please contact your SK Chemicals sales representative or SK Chemicals marketing subsidiary.
